Your local garden designer working in association with
Townscapes Landscape Contractors

WE WILL DESIGN, BUILD, PLANT AND MAINTAIN YOUR GARDEN
(or any one of those things). We are an extremely experienced team having been established for 30 years, doing garden design, project management and maintenance. Call us to discuss your garden concerns - we can fix them!

EARLY YEAR OFFER...Caroline's design fee for an average, level, London garden (max 8 metres x 16 metres) is £500. If you call us by the end of March we will charge you half that price and if you use our contractors, Townscapes, to build your garden we will waive the design fee altogether. For larger, more complicated gardens we will tailor the offer.
